

WORLD PULSE

May 5, 2017

Dear Sabeena,

We would like to take this opportunity to thank you for serving as a Vision Mentor during the January-April 2017 Advanced Digital Changemaking training. During the past three months, 29 women leaders have put their visions for change into action. They have been emboldened by the powerful connections they have made with one another and you, their Vision Mentor.

In the words of Advanced training Change Leader Mercedes Ordoñez:

"We are all connected and we all have the power to change the world together. It has shown me that we can do this if we do it with clear intention. I am grateful for having you all in my life and for all these women around the globe. My mentor has helped me understand with a critical view what I need to do in order to get more results; I am very happy and thankful for this training."

At World Pulse, our Mentors lay the foundation for our leadership programs for women leaders. We rely on the passion and interest of members like you to help us connect women's voices worldwide through the power of social media. We believe that when women are heard and connected, they will change the world.

Thank you so much again for your investment in women leaders around the world. The winter 2017 Advanced Digital Changemaking program has come to a close, but our journey together to empower and lift one another's voices continues.

Sincerely,

Maya, Katrina, Patty, Lisa and the World Pulse Team
