

## 5G HD SERIES

If you're in the market for a universal tractor, the internationally renowned Deutz-Fahr 5G HD Series is worth serious consideration. Encompassing two models, 5105.4G and 5125G, delivering respective power outputs of 102 hp and 126 hp, the 5G HD tractors are perfect for livestock and arable farming, as well as vineyard operations.

Highly manoeuvrable, especially when fitted with a front end loader, the 5G HD tractors are packed with practical features, such as wet clutch Powershuttle, 4 wheel wet disc braking and Deutz-Fahr's Stop&Go technology. Loader work is made easy with integrated controls and the FARMotion common rail engine is economical to maintain and run.
