INSTANT - LOCK®

Installation Instructions

1. Hold the Lock Plate by the tab and slide the plate on the edge of the door from the outside. Close the door.

3. Insert the Lock Pin though the Lock Plate into the door frame.

2. Using the guide hole in the Lock Plate, drill a 5/16" hole into the door frame 2" deep.

4. Secure with a padlock or security seal. Add the optional lockout tag with contact information.
