

Welcome to

Coffee Explorer

This gift was given to you by:

Each month, over the course of the next **3** or **6** or **12** months, you will receive our unique Grounds for Change single origin or blended coffees, allowing you to experience the distinct characteristics of coffee varieties from around the world.

Enjoy your journey!

About Our Coffee

Commitment to the triple bottom line — the social, environmental and financial implications of conducting business — forms the foundation of Grounds for Change. Out of this concept grows premium quality, great service and a passion for our trade. Every single bean we roast is Fair for Life Fair Trade certified, Organic certified and Carbon-Free certified. We take great care in sourcing and freshly roasting these premium certified coffees and the end result is a truly exceptional cup that you can feel good about.

About Us

Grounds for Change is passionate about operating as a green business and we have received a Washington award for Outstanding Achievement in Sustainability. We are a member of **1% for the Planet** and donate well over 1% of our total sales to various social and environmental organizations. Each year, our donations help support tree planting efforts, permanently conserve rainforests to prevent deforestation, restore salmon habitat, and support collectives of coffee-producing women in Peru.

We recycle all of our burlap coffee bags by donating them to local organic farmers to be used as weed barriers and for erosion control. All of the chaff by-product of the roasting process goes to local farmers for use as fertilizer on their organic farms. We offset 100% of our carbon dioxide emissions and purchase only sustainable electricity produced by wind, solar and biomass. To find out more about what we're doing at our roastery, visit [groundsforchange.com](https://www.groundsforchange.com).
