

Your Custom LEATHER BIBLE

# FIRST STEPS

Thanks for coming to us to refresh and rebind your Bible! We want to be sure we're able to take the best care possible of your treasured Bible. Please go through the following checklist to make sure your Bible is eligible for our custom rebinding process. It is required to email photos to us before purchasing the Custom Bible Refresh listing on our website.

# CHECK IT OUT

Look at your binding. Is it sewn or glued? If it's sewn, you should be able to see stitches and thread when opening up to the middle of the Bible. We are only able to rebind Bibles with sewn binding.

Another way to verify your binding is sewn is to look at the pages at the bottom of the spine. If it's sewn, you should be able to see many groups of pages together. Glued binding is ineligible due to its weak nature.

Are there pages falling out of your Bible? We are unable to reattach pages that may have come loose from your current binding.

Is your Bible literally falling apart? As much as we would love to restore your vintage or antique Bible, we cannot risk damaging it any more than it already is. Those pages are fragile and would not hold up during the rebinding process.

# PRICE LIST

Your Bible should fit into one of the three size categories below. We've given examples of the types of Bibles in each category. When emailing us the photos of your Bible before purchasing, please verify the size you will be selecting. Prices include shipping the Bible back to you, but you will be responsible for shipping the Bible to us.

### OVERSIZED RIBLE

Oversized Bibles are any type of Bible that has been altered with a large amount of page additions. There will be a noticeable expansion of the page stack and the spine is bent or curved. Oversized Bibles require a significant amount of extra work when rebinding. If you are unsure whether your Bible is oversized, please be sure to email photos of your Bible prior to purchasing for confirmation. Any oversized Bible we receive that has not been labeled as "Oversized" at checkout will be subject to the additional charge.
