

AIRRAID™

Why choose a TKO AirRaid Curved Runner?

ADVANCED LCD MONITOR ANT+, Bluetooth-enabled, compatible with apps like Kinomap, Zwift, and Airon, displaying key workout metrics.

HIGH WEIGHT CAPACITY Supports users up to 350 lbs with robust, reliable construction.

USER-FRIENDLY FEATURES Includes transport wheels, device and bottle holders, and floor stabilizers for convenience.

NATURAL RUNNING MECHANICS The curved design mimicks outdoor running more effectively than flat treadmills.

BOOSTED CALORIE BURN Manual propulsion increases muscular engagement, leading to higher calorie burn compared to motorized treadmills.

JOINT-FRIENDLY DESIGN Superior shock absorption reduces joint stress for a gentler workout.

DURABLE BELT DESIGN Durable Belt Design 60 engineered slats operating on 124 bearings ensure smooth, reliable performance.

SLED GRIP HANDLEBAR Ergonomic handlebars support multiple postures for versatile workouts.

SPACIOUS RUNNING SURFACE 63" x 17.3" non-slip surface provides secure footing and ample space.

TKO Strength & Performance delivers superior fitness solutions with a focus on quality and excellence.
