

Amani ya Juu US Wholesale Policies

Thank you for your partnership and support of Amani ya Juu!

Below are our Terms of Agreement for wholesale orders.

- Wholesale orders are processed through the Amani Wholesale website. To receive the password to access the Wholesale website, email: wholesale@amaniafrica.org.
- The US Wholesale discount is 50%+ off of retail prices. Prices listed on the Wholesale Website are the wholesale prices (no additional discount is applied at check-out)
- Products must be purchased in lots (usually in quantities of 4 or 6)
- The minimum wholesale order is \$1200
- If you would like to place a special order which requires modification to an existing design and meets the required minimum wholesale order amount, your request will be channeled to the administration for consideration. Please submit your request to wholesale@amaniafrica.org.
- Orders less than the minimum wholesale order value and quantities can be placed through the bulk purchase plan directly through Amani's online store, not through the wholesale website
- A deposit of 50% of the total invoiced amount is required when the order is placed
To make the 50% down-payment, use Promo Code: WHOLESALE
- The balance invoice amount must be paid before the order will be released from the Amani US warehouse.
- Additional charges to be calculated on the final invoice include:
 - Domestic shipping costs. The wholesaler will be charged for the cost of UPS ground shipping to their location. All wholesale orders mailed will be insured.
 - 8% International shipping and customs fee. The wholesale buyer will be charged an 8% processing fee of invoice total which will contribute toward Amani's customs and warehouse handling.
- Charges will be invoiced and processed by credit card or PayPal through the Chattanooga wholesale office
- Amani ya Juu does not receive returned goods. However, in the case of damaged or defective goods, please contact wholesale@amaniafrica.org with photo proof of the damaged products and a reimbursement will be arranged
