

These Are the Spring Launches Byrdie Editors Are Already Buzzing About

by HALLIE GOULD

[Make Succulent Skin Gel](#) (\$25)

"Make's Succulent Skin Gel is becoming my new go-to moisturizer for spring. It's hydrating but super lightweight, so it's perfect for under makeup. Thanks to the aloe vera and chamomile it contains, it also has a cooling, soothing effect, which feels great as the weather gets warmer. Bonus: It's 3.4 ounces, so you can take it on a plane."
