

# How to put on Pup To Go when you have a helper

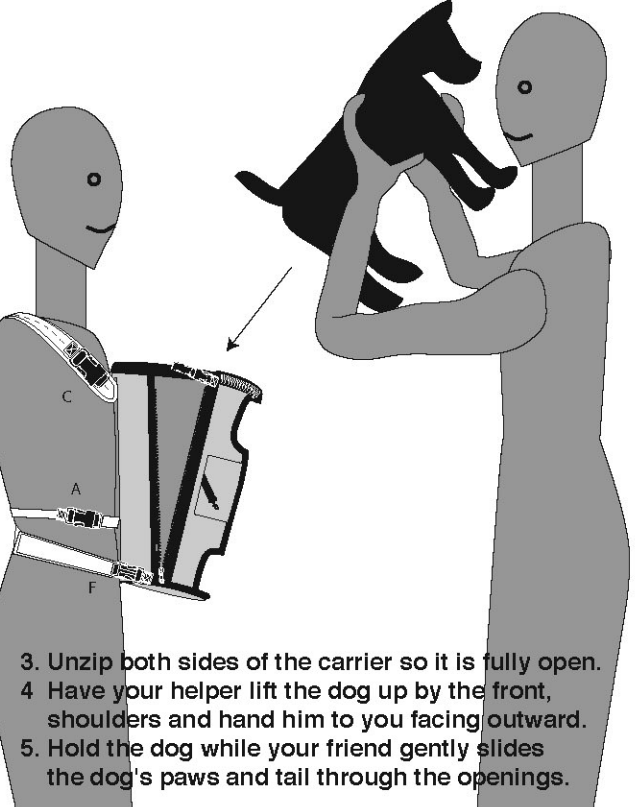

**Step 1**  
Put harness on and clip corresponding buckles  
A to A' and B to B'

**2.** Affix the unit by clipping buckles C', D', E' and F' of the carrier to C, D, E and F of the harness.

**6.** Zip up side zippers carefully and clip top side buckles.  
**7.** Adjust straps to ensure comfort and safety for you and your dog.

**3.** Unzip both sides of the carrier so it is fully open.  
**4.** Have your helper lift the dog up by the front, shoulders and hand him to you facing outward.  
**5.** Hold the dog while your friend gently slides the dog's paws and tail through the openings.
