

## Classic LT

Size 10/11

### Instructions

1. Make sure template is printed to 100% scale by checking against the ruler. Measurements should line up exactly.
2. Place your bare foot on this template to see how this size fits.
3. The solid outline represents the exact outline of the sandal perimeter.
4. For Bedrock's best fit suggestion, choose a size where foot length is 1-2cm shorter than the length of the outline.
5. For more sizing information visit [bedrocksandals.com](http://bedrocksandals.com) or email us your questions or template photos to [support@bedrocksandals.com](mailto:support@bedrocksandals.com)
