

Here are some tips to help you extend the lifespan of your furniture:

### UNPACKING AND ASSEMBLING YOUR FERMOB FURNITURE

- Take extra care when unpacking your furniture, so as not to damage the products. The Fermob guarantee does not cover cuts and scratches occurring during unpacking.
- Do not place table tops directly on the ground.
- Only tighten all bolts and nuts once you have finished assembling the product.
- Do not attempt to force any bolts or nuts that cannot be tightened further.

### CLEANING YOUR FURNITURE

- Clean your furniture with clean water or water containing a non-detergent soap.
- Do not clean with an abrasive sponge or metal scourer.
- Clean off any bird droppings as soon as possible, as these can damage the paint finish.
- Clean off any tough stains with a limescale removal product or a Starbrite ® multi-purpose cleaning product.

### MAINTENANCE

- Ensure that each pad/foot is correctly installed on products.
- If you see natural metal exposed, or if rust appears following a knock or bump, treat this quickly using Fermob's touch up spray paint or paint pen (available through your Fermob Dealer).
- Prevent water from accumulating on the furniture by tipping it slightly when not in use.

### STORAGE

- Avoid chaining the furniture, or use vinyl coated security cables to avoid scratches.
- In winter, store your furniture in a dry, well-ventilated place, and ensure it is protected from knocks and bumps.
- Do not store objects on top of the furniture.

### USE

- Do not cover the furniture with a tarpaulin or plastic-coated sheet. Avoid prolonged contact with objects that may retain water or moisture (flower pots, placemats, etc.).
- Use caution with flower pots on the table top. Do not drag across the finish unless the bottom has protective feet or felt padding.

### TIPS AND TRICKS FOR FEET/PADS

- If you have difficulty affixing the feet/pads, place them in hot water to soften them.
- Attach Bistro feet with a vice grip or pliers (carefully to avoid scratching).
- To maintain structural integrity, tables and chairs must be used with feet. Feet must be replaced if lost (available through your Fermob Dealer).
