Chess is both a sofa and a module system. Choose a sofa that is 82 3/4", 90 1/2" or 98 1/2" long. Or build your own unlimited 'sofa landscape'. With the varied range of closing sections, chaise-longue sections, corner section and the centre module without arm rests, Chess provides you with as many possible combinations as does a chess game. Choose your next move and put those sections into play that will make Chess your personal winner.

Chess comes in two depths, 37 1/2" and 45 1/4" cm plus two chaiselongs 61" long, makes the sofa a piece of furniture that can be used in numerous ways. When you build in different depths you achieve a versatile, creative and personal expression and boost sitting comfort, which the quality of the down-top seat guarantees.

Chess challenges by fusing contrasts. Modern and classic design. Heaviness and lightness. The substantial and strong frame is combined with a light arm rest in a classic cut. In this way, Chess's style shows a breadth that matches the system's usability and versatility.

One particularly flexible aspect is that you can purchase Chess as free-standing sections. Other options are removable frame covers, loose down pillows, movable neck-roll and arm rest covers.

Solid-wood frame with Nozag-spring seat-base, covered with polyurethane foam in a 600 g pre-compressed, fibre-fill wrap, on the inside, 250 g on the outside.

Seat cushion filling is a down-top cushion consisting of a highly elastic polyurethane foam core with a wrap of 100% down and small duck feathers sewn into a ribbed, featherproof cambric casing.

Back cushion and neck-roll filling is 100% down and small duck feathers sewn into a ribbed, featherproof cambric casing.

To retain the feather cushion's appearance and shape, regular fluffing-up and airing are recommended.

Chess is available with fabric or leather upholstery.

As for fabric upholstery: Standard delivery has fixed-frame upholstery, and alternatively it is available with removable cover on the frame with a calico cover underneath.
