

## **Nelson™ Bubble Lamps Care and Maintenance**

With regular care and maintenance, your Herman Miller furniture will provide years of superior performance and satisfaction. To maintain the finish quality of your Herman Miller product, please follow the cleaning procedures provided below.

The instructions for the care and maintenance of Herman Miller products are provided to you as a service. No warranty is implied since results may vary.

Light bulbs are not included. A 150 watt / 120v bulb is recommended for Nelson Bubble Lamps.

### **Plastic Polymer**

#### ***Lamp***

##### *Normal Cleaning*

- Use a feather duster, a clean soft white cloth, or vacuum with a clean soft brush attachment as needed.
- For stubborn stains, clean the surface using a clean soft white absorbent cloth with a solution of mild soap and warm water.
- Wipe down surfaces with the damp cloth and dry with a clean soft white cloth.

Avoid using glass cleaners, abrasive cleaning compounds, ammonia, or bleach; they may damage the surface of the plastic and result in discoloration.

Make sure cleaning materials are free of grit and other foreign materials.

### **Coated Metal**

#### ***Brushed Nickel Trim***

##### *Normal Cleaning*

- Wash coated metal surfaces with a clean soft cloth soaked in detergent and warm water; rinse thoroughly and dry.
- Remove scuff marks with pre-softened paste wax, following the instructions on the label.
- After polishing, apply a pre-softened automotive paste wax to restore original sheen.

Do not use abrasive, acid, alcohol-based, or solvent-based cleaners; they may damage the paint finish.
