EGRET Mobile Lift Stand

Great for the classroom, home, office, and warehouse, EGRET is an option that allows for versatility in any work environment. It can be used in smaller meeting areas, as well as within offices for extra adjustable work space. It is adjustable in height for the great comfort and flexibility. EGRET will open up your world to new mobility options. EGRET is **UpDownDesks** smallest, most versatile model of height adjustable table. Its gas piston activation allows for zero wiring and ease of use. It's also very easy to move around and usable in multiple applications. This model features a stable, sturdy aluminum frame with a smooth manual operation.

Perfect as a teacher's aid in any classroom.
