## UDEP650CES

**Adjustable Height Sit-Stand Desk**

***Featuring Bifma\* recommended range (22.2" to 48")***

Providing optimal flexibility and individual adjustment for activity-based work. *Best for personal height accommodation from 5'-0" to 6'-4" including normally worn shoes.* The stroke allows personalized maximum settings in standing and sitting position. Synchronized movement. Stability without crossbars gives a pure, simple design.

**Tested to withstand 20,000 cycles. (Equivalent of 20 years of office use.)**

- Easy to use up/down handset
- **SET IT & FORGET IT! Programmable** low limit control (for obstacles higher than 22.5"), plus personal standing height positioning control.
- Dual actuator system with separate synchronized German Bosch motors driving each leg
- Electric speed matches industry standards
- Tables are designed so that the paint will never mar the leg during operation.
- Flat foot design includes adjustable (10mm) glides and optional casters
- Lifts 268 pounds
- All metal surfaces are powder coat finished. Silver is standard. White and Black available. Contact Customer Service
- Packaging includes all necessary hardware and easy-to-assemble instructions.
- Made in the USA
- Compliant with Bifma Standard ANSI/BIFMA X5.5-2014, UL962 and CSA – C22.2 No.6809, CAN/CGSB-44.227-2008
- Limited Lifetime Warranty
