

## IMPORTANT

- This is a high quality product and must be installed and maintained as per these instructions or it may invalidate the Warranty.
- When using electrical appliances, comply with basic safety precautions in order to reduce the risk of fire, electric shocks and personal injury.
- Input voltage of this product is 220V~240V. The power supply must be switched off before installation. Remove fuse or de-activate it, and make sure that it cannot be reactivated.
- All electrical works/connections must be done by a qualified electrician. Any failure to follow this can be particularly dangerous to users and will invalidate the warranty.
- DO NOT spray cleaning solutions directly to the glass. We recommend spraying cleaner directly to a soft cloth before applying.

## Power ON/OFF

- Press  to turn power on and off. The defogger is turned on or off with the mirror light.
- When the power is on, press and hold the touch switch to adjust brightness of the light.

## Wireless Music

- On your phone/pad, enable your Bluetooth function.
- Search for 'Elite mirror' and Pair the mirror with your phone/pad
- Password : 1111
- The light & demister do not have to be on to use the music function. However there must be power to the unit.

## INSTALLATION

### Step 1

- Decide what height (X) the mirror (top of mirror) sits from floor. Work out height (Y) of wall bracket holes position from floor.  
Height Y = Height X - H (you can find H of your mirror in the table provided)

### Step 2

- Fix the wall bracket in the required position. Please make sure there is timber fixing behind OR there is enough support to hold the mirror unit.

Model	Distance "H"
CM-SRT1645 (install horizontally)	133mm
CM-SRT8060 CM-SRT8075 CM-SRT9075 CM-SRT1675 (install horizontally) CM-SRT1575 (install horizontally) CM-SRT1075 (install horizontally) CM-SRT1275 (install horizontally)	163mm
CM-SR650 CM-SR750 CM-SR900 CM-SO5080 CM-SO6090 CM-SA4590 CM-SR700B CM-SR900B CM-SO5080B CM -SRM700B CM -SRM900B CM-SA4590B CM-SRT1075 (install vertically) CM-SRT1275 (install vertically)	203mm
CM-SR1100 CM-SR1050B CM -SRM1100B CM-SRT1575 (install vertically) CM-SRT1645 (install vertically) CM-SRT1675 (install vertically)	273mm

### Step 3

- Get a qualified electrician to connect the cable to the power supply.
- Hang the mirror up.
