

Monarch Butterfly Activity

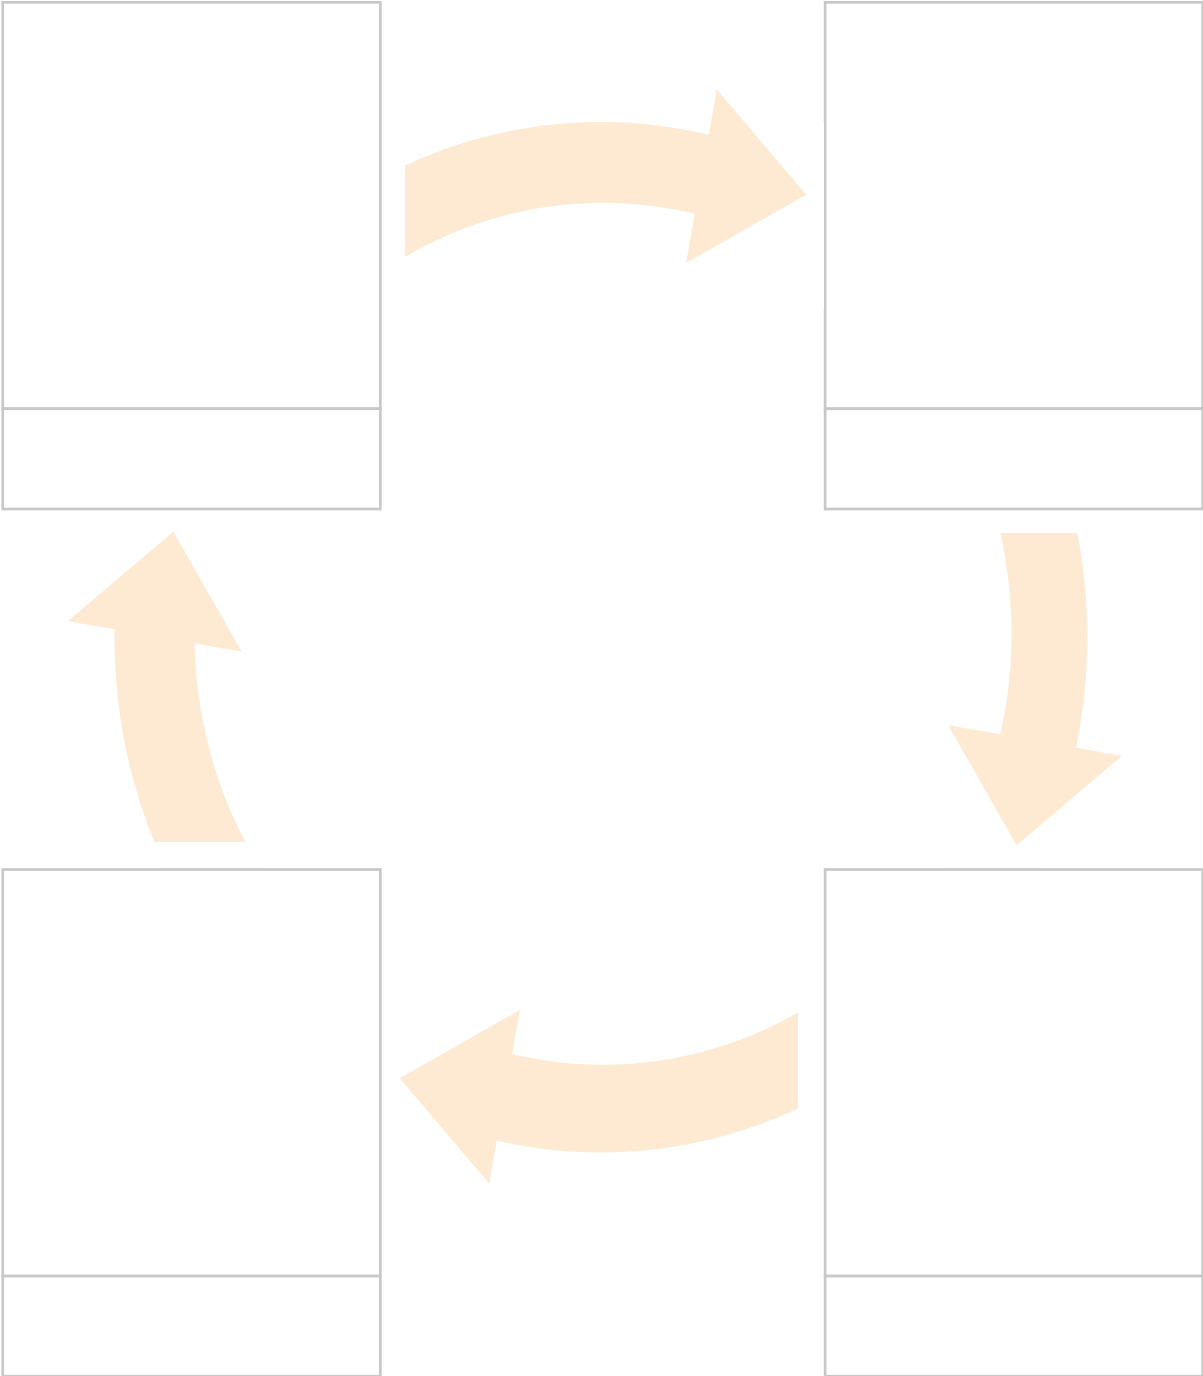

Have your students gather information about Monarch Butterflies to complete the following activities.

Monarch Facts

These are some things I learned about Monarch Butterflies:

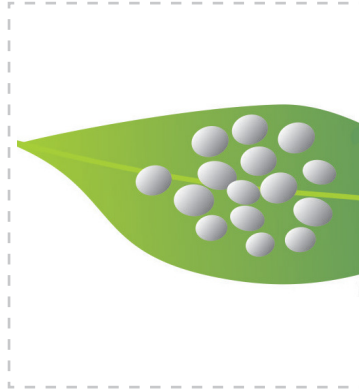

Monarch Life Cycle

Monarch Life Cycle

Cut the pictures and words out, and glue them in the correct order.

Adult

Egg

Pupa

Chrysalis

Larvae

Caterpillar

* Pupa and Chrysalis are two words that describe the same stage, as are Larvae and Caterpillar. Depending on the level you are teaching, you may want to explain the differences. You can decide which words you would like your student to use for this activity.

Monarch Migration Map

Draw arrows to show the migration paths of Monarch Butterflies. Label the countries and oceans (optional).
