

SKU: 95001

Semi-Wireless Through Beam Photocell Pair

Photocell beam sensor pair with a signal range of up to 12m. This ideal, low-cost sensing solution requires 2 x AA lithium batteries.

Specification

Operating voltage	RX: 12 – 24 VAC/DC TX: 12 – 24 VAC/DC or 2 x 1.5VDC AA batteries
Range	0 -12m
LED Indications	Red on: not aligned or activated Red off: aligned
Angle aperture	+90°/-90° horizontally and +5°/-5° vertically
Dedicated test input	No
Output	Selectable NO/NC
IP rating	IP44
Operating temperature	-20°C – +60°C

Product

Dimensions

Height – 127mm
Width – 50mm
Depth – 28mm
