

SKU: PSM70-12B DIN rail 12VDC Power supply 5Amp

High-performance power supply unit to ensure the smooth operation of your automatic door and gate systems. This unit is DIN rail mountable

Specification

Input voltage	100VAC ~ 240VAC, 50/60Hz
Output voltage	13.8VDC, 70 Watts
Current	5A
Built in battery charger	14.5VDC/150mA
Protection	short circuit/overload/over voltage
LED indication	For power on

Product

Dimensions

Height – 103mm
Width – 123mm
Depth – 65mm
Weight – 425g
