Controls

Compatible with iOS and Android phones that follow the CTIA standard (interfaced based on the CTIA standard). The headphones are compatible with smartphones (smartphone, tablet, computer, etc.). Any of these above factors can cause the in-line remote control function to not work properly.
 *See device instruction manual for details.

Replacing the Tips

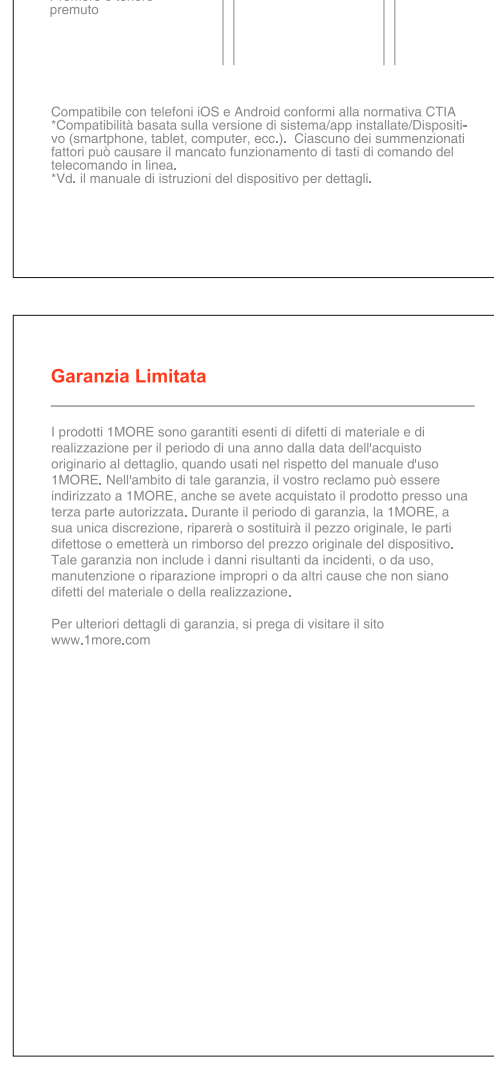

Limited Warranty

1MORE products are warranted against defects in materials and craftsmanship for a period of one year from the date of the original retail purchase, when used in accordance with 1MORE's user manuals. Under this warranty, your claim can be repaired to 1MORE, even if you purchased the product from an authorized retailer. During the warranty period, 1MORE will, at its sole option, repair or replace the original, defective parts or issue a refund in the amount of the original purchase price. This warranty does not include damage resulting from accidents, or from improper use, maintenance, or repair, or from other causes that are not defects in materials or craftsmanship. For full warranty details, please visit www.imore.com.

We Appreciate Your Business

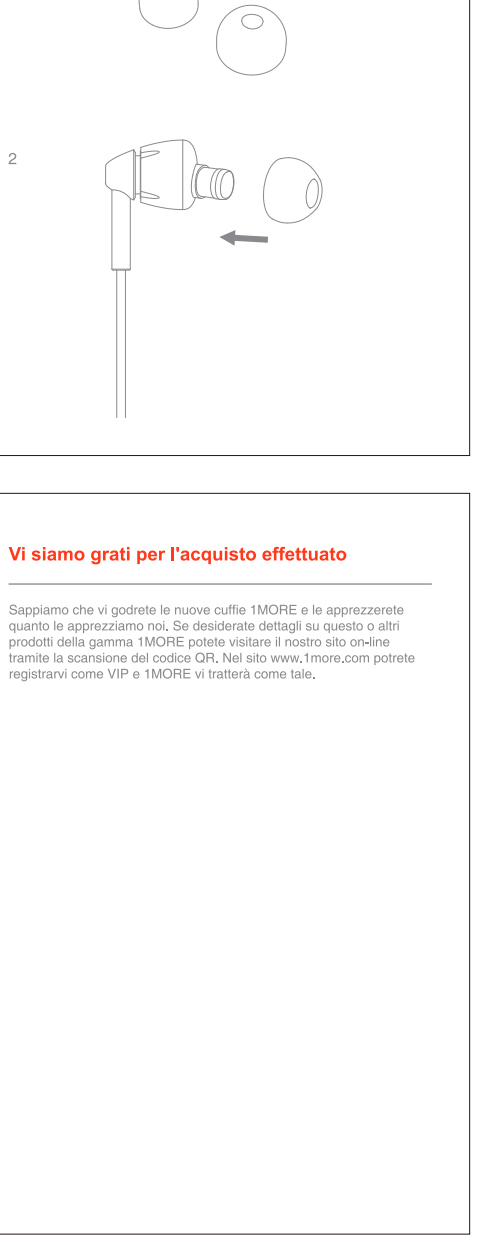

We know you will enjoy your new 1MORE headphones as much as we do. At 1MORE, we value your satisfaction. If you would like more details on the product or any of our other products, please visit us online by scanning the QR code. 품질 보증

1MORE 제품은 일반 소비자용으로 설계된 제품이며, 1MORE 제품은 CTIA 규격에 준拠한 스마트폰, 태블릿, PC, 등 다양한 기기에서 사용할 수 있습니다. 이 중 어느 한 요인이 리모컨 기능이 정상적으로 작동하지 않을 수 있습니다. 자세한 내용은 사용하시는 기기의 사용 설명서를 참조하십시오.

구매에 주셔서 감사합니다

1MORE 제품을 구매해주셔서 감사합니다. 1MORE에서는 고객님의 만족도를 높이기 위해 최선을 다하고 있습니다. 이 제품이나 다른 1MORE 제품에 대한 자세한 정보를 알고 싶으시다면, 아래의 QR 코드를 스캔하거나 www.imore.com에 접속하여 VIP에 가입하십시오. 1MORE는 VIP 고객을 특별히 대우합니다.

Important Safety Information

1. Long-term exposure to loud music may cause hearing damage. Avoid exposure to volume when using headphones, especially for extended periods of time.
2. Do not use headphones while operating a motor vehicle or a bicycle. Driving on dangerous roads may cause loss of control and an accident.
3. Do not use headphones if the inability to hear outside sounds may present a danger to you or others.
4. In dry air conditions, static electricity can cause ear tingling; this is not a product malfunction.
5. Do not rock, sit on, or allow the headphones to be immersed in water.
6. Do not wear headphones in the rain.
7. Do not wear the headphones if the in-ear cushions are not attached.
8. Adult supervision is required for children age 6 and under.
9. If you don't feel comfortable after wearing the headphones, please stop using them until you feel better. The goal is to achieve a soothing feel.

FAQ

1. Some in-line remote control functions do not work with my device.
 - A. The headphones are compatible with iOS and Android systems. Please make sure you are using the correct device.
 - B. Please note that some functions may be different based on the device you are using. Please refer to the device's instruction manual for details.
2. The in-ear headphones tips easily fall out of my ears.
 - A. To improve fit and performance, use high fidelity music instead of low fidelity music. Low fidelity music causes more bass and PLAC.
 - B. Your device may not have proper earbuds, which causes interference and creates abnormal sounds. Try using another device to test the headphones. If the problem persists, please contact our customer support.
 - C. The headphones are in-ear buds which can easily become dislodged if you are not wearing them properly. Please refer to the user manual for details.
3. While using third party music/video player apps, some in-line remote functions do not work.
 - A. Some third party music/video player apps may have different settings for the in-line remote control functions. Please refer to the device's instruction manual for details.

FCC

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device has been tested and found to comply with the following two conditions: (1) This device may not cause harmful interference, and (2) it must accept any interference that may be received, including interference that may cause undesired operation.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. Operation of this equipment may cause interference in a residential installation. This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment. This equipment does not emit or receive radio frequency energy. If you are having trouble with interference, you may need to increase the distance between this equipment and the receiver. Consult the equipment user manual for advice on reducing the risk of this type of interference. If you are having trouble with interference, you may need to increase the distance between this equipment and the receiver. Consult the equipment user manual for advice on reducing the risk of this type of interference.
