

WORLD TIME CLOCK

TRINTEC INDUSTRIES INC

Introduction

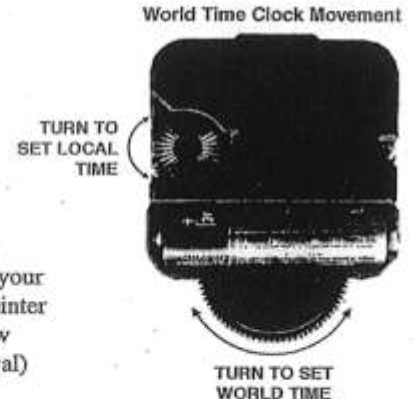

PROVIDES LOCAL AND WORLD TIME AT A GLANCE
ATTRACTIVE, EDUCATIONAL AND EASY TO READ

This revolutionary patented design was developed by creating a South Polar projection of the earth, the 24 time zones were color coded on the land areas, each time zone having it's own color coordinated hour indicator around the perimeter of the map.

Instructions

- 1) Insert a AA size alkaline battery into the clock movement in the direction shown on the movements housing
- 2) Locate the two time adjustment knobs on the World Time Clock movement.
- 3) Rotate the smaller knob on the left to adjust the clock hands to your current local time.
- 4) To set world time rotate the large knob at the base of the clock movement to adjust the position of the map to correspond to your current local time.

The World Time map has 24 color coded time zones, each time zone having it's own triangular hour indicator located around the perimeter of the map. Find the time zone that corresponds to your geographic location on the map. Turn the World Time adjustment knob until the color coded pointer for your time zone is set to your local time on the inner (24 hour) time scale. The map will now rotate once every 24 hours and will display the correct time (to the nearest fifteen minute interval) in each time zone around the world providing a continuous display of World Time.

DAYLIGHT SAVINGS TIME CHART

LOCATIONS ON DST

<u>DATES</u>	<u>LOCATIONS</u>
OCT. - MAR.	ARGENTINA, CHILE & PARAGUAY
OCT. - MAR.	AUSTRALIA & NEW ZEALAND
OCT. - JAN.	BRAZIL
OCT. - FEB.	URUGUAY
NOV. - DEC.	ECUADOR
JAN. - MAR.	PERU
MAR. - SEPT.	EUROPE & GREENLAND (most points)
MAR./APR.-SEPT.	MIDDLE EAST (most points)
APR.-OCT.	NORTH AMERICA & NORTH CARIBBEAN (most points)

LOCATIONS NOT ON DST

AFRICA, ASIA, CENTRAL AMERICA, ARIZONA USA
BOLIVIA, COLUMBIA & VENEZUELA

EXAMPLE:

IF NEW YORK IS ON DST, SUBTRACT 1 HOUR FROM THE TIME SHOWN IN HONG KONG. IF NEW YORK IS NOT ON DST, READ THE TIME IN HONG KONG DISPLAYED.
IF THE PRESENT LOCATION IS NOT ON DST AND THE DISTANT LOCATION IS, ADD 1 HOUR TO THE TIME OF THE DISTANT LOCATION.
IF BOTH LOCATIONS ARE EITHER ON OR OFF DST, READ THE TIME WITHOUT ANY CHANGES.

Requires one AA battery. One year warranty.

Made in Canada. US Patent No. 5,054,008 / Canadian Patent No. 1,282,808.

Copy Rights registered, all rights reserved.

LIMITED WARRANTY

Trintec clocks and thermometers are warranted to be free from defects in material and workmanship under normal service for a period of one year from the date of purchase. This warranty does not apply to glass or damage resulting from accidents, alterations or misuse.

Replacement & Return Policy

Return the product with proof of purchase to the dealer from which it was purchased for replacement.

To Return Products to Trintec

Returns should be sent by surface mail only. Items must be clearly marked: "Defective Merchandise Returned to Manufacturer". Declare value = zero \$. Trintec will not accept returns that require payment of C.O.D. charges, freight charges, brokerage fees, taxes or duties.
