PureGreens+ is a blend of nutrient rich superfoods, Sea Vegetables and nutritional grasses. It is one of the strongest antioxidants superfood blends available. It helps increase energy levels, support the immune system, enhance mental acuity, cleanse the digestive system and balance the body’s pH.

- **Chlorella**, the most studied “green food”, is traditionally celebrated for its digestive, cleansing and blood purifying properties. Numerous research studies in the U.S. and Europe indicate that chlorella aids the body in breaking down persistent hydrocarbon and metallic toxins such as mercury, cadmium and lead, DDT and PCB while strengthening the immune system response.

- **Spirulina** is considered a complete source of protein because well over half of it consists of amino acids — the building blocks of protein. It is also a rich source of other nutrients including B complex vitamins, beta-carotene, vitamin E, carotenoids, manganese, zinc, copper, iron, selenium, and gamma linolenic acid (an essential fatty acid).

- **Bee Pollen** is a powerful immune system booster. It is also rich in protein, B vitamins and enzymes.

- **Tumeric Root** has been shown to have significant benefits in all inflammatory diseases (i.e. arthritis, Alzheimer’s, colon and cardiovascular).

- **Resveratrol** is a phytoestrogen, potent antioxidant, reactive oxygen species scavenger and metal chelator. Thus, it has been shown to protect the cardiovascular system against ischemic-reperfusion injury. It also has been shown to protect and maintain the endothelium, exhibit antiatherosclerotic properties, inhibit the LDL oxidation, suppress the platelet aggregation and exhibit estrogen like action.

- **Quercertin** is a powerful antioxidant. It is also a natural anti-histamine and anti-inflammatory. Quercetin has also been shown to prevent cancer, especially prostate cancer.

- **Cocoa Bean Extract** has been shown to have cardio protective properties.

- **Wheat, Barley and Alfalfa grasses** are a rich source of vitamins, minerals and chlorophyll.

- **Purple Dulse Seaweed and Kelp** are dense in a broad spectrum of minerals found in the ocean. Seaweed has powerful bacterial and anti-cancer properties and this is partly due to the fact that all sea-plants contain 10-20 times the minerals of land plants and an abundance of other vital elements for human metabolism.

**Supplement Facts**

**Serving Size:** 6 Capsules  
**Servings Per Container:** 30  
**Each Serving Contains:**
- Organic Spirulina (Spirulina algae) 750 mg  
- Organic Chlorella (Chlorella intybus) 800 mg  
- Organic Green Tea Leaf Extract (Decaffeinated) (Standardized to contain 98% Polyphenols, 60% Catechines, 45% EGCG) (Camellia Sinensis) 650 mg  
- Organic Barley Grass (Hordeum Vulgare) 300 mg  
- Organic Wheat Grass (Triticum Vulgare) 300 mg  
- Organic Alfalfa Leaf (Medicago Sativa) 250 mg  
- Quercertin (Saphora japonica) 250 mg  
- Organic Tumeric Root Extract (Standardized to contain 95% Curcuminoids) 250 mg  
- Organic Atlantic Kelp (Ascophyllum nodsum) 200 mg  
- Resveratrol 20% (Polygonum cuspidatum) 200 mg  
- Organic Bee Pollen 150 mg  
- Organic Cocoa Bean Extract (Standardized to contain 45% Polyphenols) (Theobroma cacao) 150 mg  
- Organic Purple Dulse (Palmaria palmata) 100 mg  

Other Ingredients May Contain: Vegetarian Capsule, Rice Flour, Bamboo Extract, Inulin, and Water.

**Directions:** Take 6 capsules daily, in divided doses.

Contains no sugar, starch, salt, yeast, wheat, gluten, corn, milk, egg, shellfish, preservatives or titanium dioxide; non-GMO product.

**Studies available online**
