

Dear Reviewer,

We hope you enjoy this **weBoost Destination RV**. Our most powerful RV booster improves cell signal for fewer dropped calls, better voice quality, faster data speeds, increased hotspot capability, and improved streaming wherever you park.

In this package, you'll find a booster, inside panel antenna, outside directional antenna, low-loss coax cables along with a 25-foot telescoping pole and mounting hardware for a complete do-it-yourself installation.

Here's why we think you'll love Destination RV.

- It's designed to provide max coverage in large RVs during extended travel.
- It instantly improves talk, text, and data in any camper or trailer.
- Installation is a snap. Once the mounting brackets are secured and the cables routed, setup and takedown take about 10 minutes.
- Everyone can enjoy a better cell signal anywhere because it works with all cellular devices on all network carriers.
- We're ready for 5G and beyond. The booster will keep working for the next decade.
- We're the only U.S.-based company that designs, assembles, and tests our cell signal boosters in the United States. Our products are not manufactured in China.
- All of our boosters are backed by our 2-year manufacturer's warranty.
- It's safe to use and approved by the FCC and ISSED. All you need to do is register your new booster online by following the instructions in the included installation guide.

If you run into any problems, you can call our U.S.-based customer service, Monday through Friday, from 9 a.m. to 5 p.m. Mountain Time, at 1-855-846-2654.

As you install, try, and review your new Destination RV, we hope you'll keep these things in mind.

Sincerely,

SignalBooster.com
