

Pomme

by Lars Beller Fjetland

A charming by-product of Lars Beller Fjetland's other projects, Pomme is a paperweight and pin cushion created entirely from the leftover materials scattered about the Norwegian's workshop. Determined that nothing should be wasted in his production process, Fjetland gathered up his off-cuts and shaped them into a deliciously formed cork apple, finishing it off with a leather stalk to make a desk accessory with a difference.

Technical Specifications

Made in Italy
Dimensions 130 × 130 × 110 mm

Dark Cork,
Leather Band

Light Cork,
Leather Band
