Fact Sheet

Stripe Throw

Design by Arthur Arbesser

Fashion designer Arthur Arbesser has a particular skill with pattern and color. His bold graphic prints are frequently inspired by the architecture and design heritage of his home city, Vienna. For Hem he has applied his skills to a series of rugs, throws, and cushions. Each features a distinctive stylized pattern in an appealingly unconventional color palette. The Arch Throw is a graphic architectural motif with a reversible pattern for twice the decorative potential. This especially thick and warm throw is made from fine New Zealand lambswool using traditional weaving techniques. Perfect for colder climates or chilly days.

Scribble Throws

Design by Sylvain Willenz

Sylvain Willenz's Scribble series of textiles celebrates the imperfection and charm of a hand-drawn line. Scribble takes loosely drawn patterns directly from the designer's sketchbook and transforms them into weaves. The Brick Throw's strict grid makes it a treat for those with geometric tendencies, while a playful color palette lightens things up. The throw is made from superfine, light and soft New Zealand lambswool. Its reversible pattern allows for alternation between two different, equally appealing effects.
