MEASURING TIPS

LENGTH: Measure along the back from between the shoulder blades to the base of the tail.

NECK: Measure the circumference midway between the ears and base of neck.

CHEST: Measure around the widest/deepest part of the chest—usually right behind the front legs.

CHEST WIDTH: Measure the entire width of the chest from the front.

WAIST: Measure the circumference of the waist at the skinniest part—usually right in front of the back legs.

UNDERBELLY: Measure the length along the underbelly. Start behind one of the front leg and end in front of the back leg on the same side.
