

CUSTOMIZABLE HARNESS OPENING

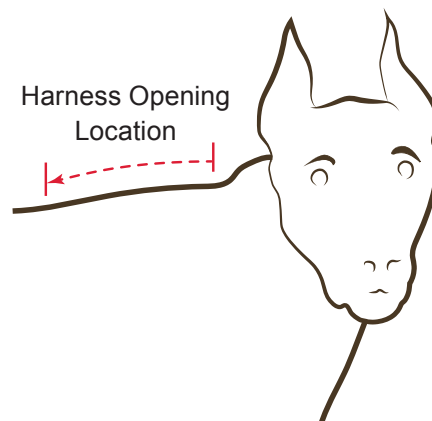

All of our K9 Apparel Rain Coats and Winter Coats come with an opening for attaching a standard leash to your dog's collar. If you want an additional opening for a harness, we can customize this opening on any of our Rain Coats and Winter Coats. We DO NOT offer Harness Openings on Tummy Warmers due to the fleece material.

There is a *\$20 service charge* for adding the customizable harness opening. If you have any questions, please contact us before you place your order.

INDICATE THE LOCATION OF THE HARNESS OPENING

- 1. Measure the distance from the base of your dog's neck to the center of the harness ring.**
- 2. Use this measurement when you place your order to indicate the desired location of the harness opening.**

Note: Coats with a Customized Harness Opening are non-returnable, non-refundable, and non-exchange.

***The Harness Opening will be on the upper back of the coat as shown here—not on the front or chest area.*
