*World class flavor –*  
not just sugar.

It seems to us that many of our competitors equate sweetness with flavor. Here at Amoretti®, flavor and taste is paramount. Amoretti has been in the business of flavor for over 20 years, supplying many of the world's finest pastry chefs, bars and restaurants with our premium products.

**Adds only 35 calories per pump.** Your customers will appreciate that the addition of our premium syrups will only add 35-50 calories per drink, as opposed to 80-100 calories (or more) with our competitors' syrups. For today's health-conscious consumers, a 50% savings in calories is nothing to sniff at.
