

## INGREDIENTS OF UNCOMPROMISED QUALITY!

Rest assured, Amoretti knows quality ingredients!

It was not an easy task to secure a historic first win for the US team at the World Pastry Championships in 2002, but we did. Then we went on to help them win the next six consecutive titles, and it was all accomplished using the impeccable quality of Amoretti ingredients. Amoretti provides incomparable flavors, with a clear focus on uncompromised quality.

Because Amoretti ingredients provide extreme batching accuracy to maintain a consistent product quality, we are the suppliers to the who's who from Fortune 500 companies to international food & beverage conglomerates and breweries. While our ingredients are in high demand by professional artisans, Amoretti ingredients are easy to use, which also makes them the go-to ingredients for amateurs and novices, too.

Unleash the power of your imagination with Amoretti's infinite number of flavor combinations, and still maintain economic feasibility, because with Amoretti ingredients, a little goes a long way.

No minimum orders! Company direct!  
Attentive & knowledgeable service!

*“Amoretti, where your imagination is the limit.” - Jack & Maral*

All extracts are heat stable.

Abbreviations: W.S. = Water Soluble O.S. = Oil Soluble

All the flavors of the rainbow that you could possibly imagine. An incredible array that when put to use at various use levels & combinations gives discovery to an entire new universe gastronomic sensations.

**Recommendation:** Measure all extracts using a digital scale.

*All extracts are filled by weight (not by volume).* Fill levels may vary due to differences in density from one extract to another.

**Storage:** Store in a cool, dry place, away from sun light.

**Caution:** Due to the concentration level of Amoretti Extracts, it is highly advisable that one follows the use level guideline. Excessive deviation above the recommended use levels could result in: off note, chemical sensation, bitterness, and the complete loss of the beautifully intended flavor note.

**Note:** Flavor perception is temperature dependent. It is advisable to fine tune flavor levels at temperatures in which the product will be actually consumed.

**Flavor Perception:** Generally *drops* at lower temperature and *increases* at higher temperature.

To craft your ultimate brew, please feel free to combine flavors in the *same* product family or *across* product families.

# AROMATIC EDIBLE PERFUME® SPRAYS

*Another World's First® Amore di Amoretti®*

This is a very inexpensive way to deliver heavenly aromas.  
Approximately 500 SPRAYS per 2.5 oz. spray and 5,440 SPRAYS per 1.7 lb.

Top aromatic notes of our Edible Perfumes® add the perfect finishing touch to any plated dessert, cake, mousse cup or martini. Most desserts smell amazing when they come out of the oven, but after a few hours their wonderful aromas will dissipate. Simply mist your creation with Amoretti's Edible Perfume® and bring back that wonderful scent to your creation. Studies show that 60% of what we taste is based on what we smell. Restaurants have reported a 50% increase in dessert sales simply by using Amoretti Edible Perfumes on their desserts. All ingredients used in the manufacturing of Edible Perfume® sprays are approved by the FDA for food use.
