MANGO

★★★★★ Amoretti® Mango Beverage Infusion

Verified **So good!**

"If you like mango but not "mango flavored" stuff - you really need to try this infusion. No funky artificial taste at all and not overly sweet. It is the perfect summer drink! Highly recommend!!"

Jennifer Scholl 07/13/2021

★★★★★ Amoretti® Mango Beverage Infusion

Verified **A man(go) says it delicious!**

"We purchased the mango beverage infusion and it is devious in many ways. If you want to add it to your favorite alcohol beverage or if there are people that don't drink in your family we have added it to water, lemonade, tonic water, and soda. It is a great tasting product and will be ordering again and again and try different flavors."

Verified **Absolutely Delicious...**

"Purchased both this and the raspberry flavor after seeing a Facebook ad. Thought this would be perfect to flavor seltzer water for a more natural soda alternative... so glad I did. The flavor and quality of the product is just delicious... you can tell it's pure and naturally derived. Will definitely be purchasing more flavors."

BLACK CHERRY

★★★★★ Amoretti® Black Cherry Beverage Infusion

Verified **Black Cherry Beverage Infusion**

"First; I am severely allergic to citric acid and finding products that I can add to bottled water to improve the taste is extremely, ding-dang, near impossible, to find, until . . . I found this company. Not only has it changed my life, but my entire family loves it, so we've all been drinking a lot more water as a result! Not only is this a great product [not a paid endorsement, just my opinion] I also have to say that I am so impressed with their customer service and communication. When I reached out to them regarding allergen free products that I could try, I got immediate, and very helpful, answers via email, from Customer Service Rep Mai, which, to be honest, is extremely unusual these days. So impressive! I could not be happier with my experience and give it five stars and an A+!"

Destiny Davison Doremus 09/27/2021

★★★★★ Amoretti® Black Cherry Beverage Infusion

Verified **Amoretti beverage infusions are much better than Soda Stream offerings!**

"I'll do my best to keep to the point of this review. It's for the Black Cherry Beverage Infusion.

I initially bought a Soda Stream because I thought it was crazy paying so much for carbonated water, aka sparkling water. I drink the carbonated water because drinking regular water (for me, reverse OS) was boring. Carbonated water became boring for me. In-comes Amoretti! I have tried several of their flavor offerings in the last month. By far, the Black Cherry is my favorite! For me, the flavor is more of a umami experience. The flavor hits after a sip. Is this strange on my part? Don't know and don't care. Still enjoy Amoretti! I need to order a couple more bottles! (This is a non-paid endorsement! Ha Ha)."
