### **USE LEVEL WORKSHEET**

Use this handy worksheet to figure out exactly how much Amoretti product you need to add to your batch of cake batter, ice cream, bread dough, or anything else you wish to flavor.

Truly unique products ranging from a European-style supersmooth almond paste and marzipans to decadent Gianduja (chocolate-hazelnut spread) to many different pralines and pralinosas (roasted nuts processed to an ultra-smooth consistency), nougats, liquid marron glacée (a French chestnut based delicacy), as well as good old-fashioned peanut butter.

### **DUSTING POWDERS**

The perfect accent to garnish your creation.

In a 2" diameter 20 mesh shaker, over 1,000 dusting shakes can be made with a single pound of dusting powder.

Dusting powders have the natural tendency to attract moisture. After use, store at room temperature in a tightly closed container. Keep away from moisture,

heat, or direct sunlight. If clumping occurs, break up clumps as needed.

The only true nut flour on the market, Amoretti Nut Flours are 100% nut with no added fillers. Available in blanched and natural almond, hazelnut, pistachio, and pecan. Our Nut Flours are super-fine in consistency and perfect for dusting your favorite desserts as well as replacing ordinary flour in low-carb applications. Amoretti Nut Flour is ground to perfection, eliminating the time and cost of sieving ordinary nut meals typically sold by others. Consistency and ultra-fine quality of our nut flours set Amoretti apart from all others.

Store all nut flours refrigerated.

### Naturally flavored! VERSATILE GOURMET ICINGS

All the convenience of a store-bought icing, but with the premium taste and quality that world renowned pastry chefs expect of an Amoretti<sup>®</sup> product. Ideal for cupcakes, cakes, cake pops, pastries, chocolate fillings, cookies, doughnuts, macarons and more! We use only the finest and freshest ingredients to create these **naturally flavored**, **shelf-stable**, **kosher** and **gluten-free** icings.

#### For icing, frosting, piping, spreading and filling applications:

- Whip icing at room temperature and use
- Whip icing with buttercream, whip cream, ganache or shortening to desired consistency and use
- · Cool baked cake or cupcake and then apply icing
- After icing, loosely cover cake or cupcakes
- Store icing in original container at 68°F(20°C), at 55% relative humidity, away from direct sunlight. Shelf life: 1 year

#### To heat icings for dipping applications:

- Double boiler: Warm to 125-145°F
- Microwave: Heat in increments of 5-10 seconds

*NOTE: If icing separates during heating, try reducing heating time and temperature, and/or mix icing to cool to desired consistency.* 

#### Following icings should <u>NOT</u> be heated:

- All Praline icings (#11, 13, 16, 17)
- All Chocolate icings (#7, 18)

Beyond a purée! SWIRLS

**Glazing, Flavoring & Marbleizing**. Vibrant, delicious shelf-stable fruit swirls are concentrated enough to provide bursts of flavor yet incredibly easy to use. Ideal for glazing, flavoring and marbleizing your favorite desserts, from cheesecakes to muffins and much more!

Simply add 1 part of Amoretti Swirl to 3 parts of cold clear glaze, mix, and use to top off any mousse cake for a perfect shine, color, taste and finish. Swirls are also great for marinades, vinaigrettes as well as basting onto meats, seafood, and poultry while grilling. Chocolatiers use swirls as liquid centers of truffles and pastry chefs simply brush our swirls onto layers of cakes complementing real fruits used in fillings. Furthermore, swirls contribute delicate flavors to alcoholic & non-alcoholic beverage, liqueur, beer & wine.

Made of Whole Fruit

• Pasteurized & Shelf-stable

No Preservatives

**Even After Opening**

### CRYSTAL CLEAR® GLAZE

T

ITEM #	GLAZE TYPE	PACKAGED	
103	Crystal Clear® Neutral Glaze	15.4 lb. tub	

## INDUSTRIAL COMPOUNDS

All industrial compounds are **bake-proof** and **freeze-thaw-stable**. Unless otherwise specified, all Industrial Compound use levels are 8-10% = 80-100:1000.

#### This is a partial list, please inquire.

Slightly less-concentrated than our regular compounds yet perfect for providing delicious flavor at an affordable price point; ideal for bakeries that wish to use a great flavor with the ease of flavoring to taste. Our "Crema Di" flavor profiles can be used as flavoring as well as in straight-use applications such as brushing and drizzling onto desserts.

To flavor **any** mousse, chiffon, whipped cream, buttercream, cream cheese, cheese cake batter, mascarpone cheese, cake batter, muffin batter, scone batter, cookie batter, brownie, jellied consommé, ice cream, gelato, sorbet, yogurt, sauce, and soufflé.

#### SIMPLY SUBSTITUTE BY WEIGHT (NOT BY VOLUME)

8-10% of the total net weight that needs to be flavored.

Example: To prepare 10 lbs. of flavored batter of your choice:

At 8% Industrial Compound: Add 0.8 lb. Industrial Compound + 9.2 lbs. batter = 10 lbs. At 10% Industrial Compound: Add 1.0 lb. Industrial Compound + 9.0 lbs. batter = 10 lbs. Mix thoroughly to homogenize the flavor throughout the batter.

Also available in: • 2.2 lbs. jar • 580 lbs. drum Note: All 2.2 lbs. jars will incur a re-packaging fee. COMPOUNDS (G)

All compounds are **bake-proof** and **freeze-thaw-stable**. Unless otherwise specified, all Compound use levels are 3-5% = 30-50:1000.

With over 200 flavors to choose from, Amoretti compounds are not just versatile and delicious, but economical as well. At your fingertips at all time, Amoretti Compounds are ready for performance with flavors ideal for a variety of applications – from cake, muffin, and scone batter, mousses, buttercreams, pies, cheesecakes, alcoholic & non-alcoholic beverage, liqueur, beer & wine, and anything in between.

#### SIMPLY SUBSTITUTE BY WEIGHT (NOT BY VOLUME)

3-5% of the total net weight that needs to be flavored.

Example:To prepare 10 lbs. of flavored batter of your choice:At 3% Compound:Add 0.3 lb. Compound + 9.7 lbs. batter = 10 lbs.At 5% Compound:Add 0.5 lb. Compound + 9.5 lbs. batter = 10 lbs.Mix thoroughly to homogenize the flavor throughout the batter.

- Exceptions: Chestnut (#385, #3003), Ice Cream (#393), Mud Pie (#3074) and Chocolate Fudge Brownie (#3077) substitute 10% by weight. Mocha (#11, #34), Kona (#101) substitute at 0.5-1% by weight.
- Example:
   At 0.5%:
   Add 0.05 lb. #11, #34 or #101 + 9.95 lbs. batter = 10 lbs.

   At 1%:
   Add 0.1 lb. #11, #34 or #101 + 9.9 lbs. batter = 10 lbs.

Ζ	348	Grand Zabaione	9 lbs/55 lbs	
	349	Zuppa Inglese	9 lbs/55 lbs	

Highly concentrated extractions and essential oils, ranging from sweet and savory to exotic and floral, perfect for any type of flavoring application such as chocolate, cheesecake, mousse, cake batter, ice cream, gelato, alcoholic & non-alcoholic beverage, liqueur, beer & wine. Also available are a wide range of vanilla extracts from single-fold to 20-fold made from the very best Madagascar or Tahitian gourmet beans. Cold pressed, delicious, and virtually alcohol-free, Amoretti offers the finest vanilla extracts on the market.

#### SIMPLY SUBSTITUTE BY WEIGHT (NOT BY VOLUME)

%(percent) of the total net weight to be flavored. **Example:** Cappuccino extract #99 at 1% use level To prepare 10 lbs. flavored batter of your choice, add 0.10 lbs. (1.6 oz.) #99 extract + 9.9 lbs. batter = 10 lbs. Mix thoroughly to homogenize the flavor throughout the batter.

#### **Recommendation:**

Measure all extracts using a digital scale.

**Digital Scale Requirements:** Minimum digital read out increment (resolution) 0.005 lb. = 0.08 oz.

All extracts are filled by weight (not by volume). Fill levels may vary due to differences in density from one extract to another. Storage: Store in a cool, dry place, away from sun light.

**Caution:** Due to the concentration level of Amoretti Extracts, it is highly advisable that one follows the use level guideline. Excessive deviation above the recommended use levels could result in: off note, chemical sensation, bitterness, and the complete loss of the beautifully intended flavor note.

**Note:** Flavor perception is temperature dependent. It is advisable to fine tune flavor levels at temperatures in which the product will be actually consumed.

**Flavor Perception**: Generally *drops* at lower temperature and *increases* at higher temperature.

All Liqueur Concentrates are **not bake-proof**. *Partial list. Hundreds available, please inquire.* 

Highly concentrated and cost-effective Liqueur Concentrated flavors. Designed to impart far better aroma and taste than market-shelf liqueurs. Ideal for any pastry or savory applications. One bottle of Amoretti Liqueur Concentrate is equivalent in flavor delivery to approximately 100 bottles of liqueur.

Amoretti Liqueur Concentrates are **not bake-proof**. For bake-proof applications, please use Amoretti Extracts. All Liqueur Concentrate flavors have identical use levels and prices to their Extract counterparts in the Extract family section.

LIQUEUR FLAMBÉS & DESSERT WINES

All Liqueur Flambés and Dessert Wines are **not bake-proof**. *Partial list. Hundreds available, please inquire.* 

If you are using actual liqueur in your pastry or savory creations, cut down your cost and use by one third. One bottle of Amoretti Liqueur Flambé and Dessert Wine is equivalent in flavor value to approximately 3 bottles of Liqueur off the shelf. Advantages: Amazingly impactful flavor & aroma. Tremendous cost savings. Less interference with your recipe consistency. Amoretti Liqueur Flambés & Dessert wines are **not bake-proof**. For bake-proof applications, please use Amoretti Extracts. All Liqueur Flambe flavors are also available in a much more concentrated form as extracts.

SAVORY, HERB & SPICE EXTRACTS

All herb and spice extracts are **bake-proof** and **freeze-thaw-stable**. Abbreviations: W.S. = Water Soluble O.S. = Oil Soluble

Highly concentrated extractions and essential oils of your favorite savory-type flavors ranging from herbs and spices, such as basil and rosemary to garlic and jalapeño, including many different cheese flavors such as asiago and brie; ideal for bread-baking or tickling your creative fancy in any baking application or sauce and savory application. Superb in contributing sophisticated flavors to alcoholic & nonalcoholic beverage, liqueur, beer & wine. Try our favorite Kalamata olive flavor as well as the decadent and elegant flavor of black truffles.

Another World's First<sup>®</sup> Amore di Amoretti<sup>®</sup>

This is a very inexpensive way to deliver heavenly aromas. Approximately 500 SPRAYS per 2.5 oz. spray and 5,440 SPRAYS per 1.7 lb.

ı.

Top aromatic notes of our Edible Perfumes® add the perfect finishing touch to any plated dessert, cake, mousse cup or martini. Most desserts smell amazing when they come out of the oven, but after a few hours their wonderful aromas will dissipate. Simply mist your creation with Amoretti's Edible Perfume® and bring back that wonderful scent to your creation. Studies show that 60% of what we taste is based on what we smell. Restaurants have reported a 50% increase in dessert sales simply by using Amoretti Edible Perfumes on their desserts. All ingredients used in the manufacturing of Edible Perfume® sprays are approved by the FDA for food use.
