## WICKLEWOOD SEEKS ARTISANS FOR NEW 'AT HOME' CAPSULE COLLECTION

Are you a talented British-based creative? We are seeking skilled designers and makers to partner with to launch a limited edition 'At Home' collection - from ceramics, crockery or glassware to furniture, art, textiles, or perhaps an exciting new category we don't currently stock. Our only criteria is that the final collection must be innovative and beautiful and find a perfect place in our homes.

# THERE IS NO BETTER TIME TO STAY HOME AND CREATE.

Wicklewood believes that in these uncertain times, our homes -- the private spaces we curate -- should be our sanctuaries.

With global lockdown measures in place, we know many talented artists, designers and makers are at home, perhaps finding themselves with little or no work. We want to support dynamic British creators by partnering with them to create a limited edition 'At Home' collection.

Creating unique pieces for your home is in the Wicklewood DNA, and we have always championed the work of local artisans from all over the world, delivering them to our global nomads. With this new initiative, we are excited to be able to provide a collaborative platform for designers from our home country.

If you are a creative or maker and you'd like to design exclusive pieces for this limited edition collection, please read on for full details. Know someone talented who might be interested?

Please share this PDF or direct them to
