We work with most of the reputed courier and cargo companies serving globally. Orders are rushed via FEDEX, DHL, TNT, UPS and Aramex regularly after the confirmation of payment.

Orders below 200 kgs will be shipped via FedEx.

Orders over 200 kgs will be shipped via Air Cargo to your nearest airport.

We are well equipped to handle Container Shipments for bulk orders.

Custom Order Handling and Branding

Apart from our own brand, we also welcome custom branding from our clients. We understand the value and power of having your own brand. In today's business, your own brand sustains, thrives and survives much longer than the ordinary market brands. We encourage our clients to label the products with their own brands. We have a skilled team of graphic designers, label and box printers who will give an extra edge to your branding.

DEVELOPMENT OF SMALL AND COTTAGE ENTERPRISE-WOMEN CREATION

NepaCrafts is a family owned ecommerce business from the Birth Place of Buddha, Nepal. Our humble journey in the online platform started in 1998 with eBay in Hannover, Germany. Since then, we have continued to provide the glimpses of Nepal-Tibet Arts and Handicrafts to the world.

We have been empowering women creation, as our company motto is Development of Small and Cottage Enterprise-Women Creation. What our women artisans create are exclusively handmade, unique, Eco-friendly and most of all, honest.

NepaCrafts has always believed in Fair Traded business practice hence we not only create opportunities of better jobs and promotions of products but also aspire to elevate the living standards of our local Nepalese artisans and help their kids go to school for their better future.

All the products offered by NepaCrafts are exclusively handmade and are Eco-Friendly. Our mission is to bring the glimpses of Nepal-Tibet Arts and Handicrafts to bridge the gap between the rest of the world and Nepal.

Our shop is the example of who we are. The love that we and our artisans put in our work, the passion of sharing our arts and crafts with the world, the aspirations we all have to achieve greater things in life, to show the world our potentials finally takes shape in the form of the products that we offer. Our products are not mere products, but are love, passion, aspirations, potentials put together. Bringing out a product in a market is a long procedure for us. Nothing in our store has come to the market without going through several tests which we ourselves conduct. If we do not like the item personally, it will never see the light of the day. Be it any of our products, we are our own worst critic. So be assured, all our products have passed our own critique. We only put products that are appealing, exclusively interesting, visually stunning and gives a feeling of satisfaction.

Work Ethics

NepaCrafts has always believed in Fair Trade Practice. Our associate artisans, producers work under the keys of Fair Trade. First and foremost, we regularly keep check of Safe Work Environment, Health and Safety requirements, Fair and timely pay, Eco-Friendly production and ensure no use of Child Labor. We work with marginalized small artisans, producers, women artisans and support them by creating work opportunities to enable them to rise above economic instability and become self-sufficient, economically stable and be able to promote their work, crafts around the world. We ensure that fair pay and share is handed to the artisans and that no child labor or forced labor has been used. We are committed to Non-Discrimination, gender equality and empowerment of women artisans.

NepaCrafts has always worked towards the betterment of lives of the artisans by paying them fairly, providing advance payments to start the work, by financing our artisans to sustain and create ancient age old techniques of craftsmanship. In addition, we share 10% of our profits to help send their kids to school. We inspire artists, mainly our women artists to bring more creativity in their handwork and to present the best of their crafts to the world.
