NEW

A Unique and Affordable Solution

Cost-Effective

Other stationary charging options sometimes do not make sense cost-wise for the number of devices that they can accommodate. This solution is more cost-effective than other wall units and charging carts. It even costs less than cases to send the devices home with students.

Versatile Installation

The compact and lightweight modular design of the Essential 16 allows it to be easily mounted to a wall or desk without taking up a lot of space. The all-steel construction ensures the durability required for repeated use in classroom environments.

Unrivaled Adjustability

The Essential 16 is adjustable in height and depth to suit a wide range of devices including Chromebooks, tablets, and notebooks. This versatility makes it highly adaptable to evolving technology plans.

SPECIFICATIONS

14"H × 22.68"W × 14"D | 45 lbs
Adjusts to: 17.25"H × 22.68"W × 18"D

Five-Year Warranty: Standard five-year warranty covers the entire solution.

5 YEAR WARRANTY

Features That Are Essential for Schools

Secure Open Design

The locking system prevents devices from being removed while providing an open design that allows teachers to see that all devices have been returned at a glance.

Proven Cable Management

Cut down on wiring time with a solution that is easy to set up, but endures repeated use. AC adapters and excess cable lengths are stowed away in a lockable compartment.
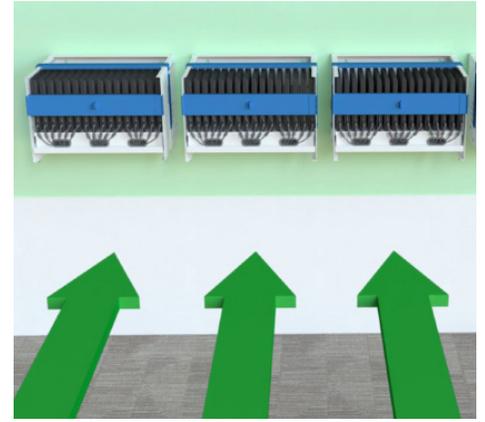

Speedy Deployment

Multiple charging stations can be used for higher quantities of devices. This can also increase the speed of deployment as students may form multiple lines to retrieve their devices.

Options and Accessories**
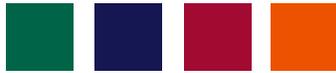

School Pride Colors

The School Pride color line allows to choose their school colors to accent the Essential 16 Charging Station. Choose from popular school colors such as green, purple, red, or orange.

#CS-1610-GRN, #CS-1610-PU, #CS-1610-RD, #CS-1610-OR

Individual Device Security

No need for expensive charging lockers! Instead, use Kensington locks from JAR with the Essential 16. This addition can prevent theft and boost productivity by reducing time spent seeking misplaced devices.

Essential 16 Charging Station Cover

The versatility of the Essential 16 means that it can be used almost anywhere, but not every environment is a friendly one for devices. The Essential 16 cover is designed to keep dust, debris, and spills out.
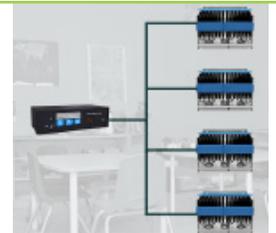

#CS-1610-COV-TOP

Connect 4 to the Intelligent Charging System

Utilize one charging system to manage the power needs of up to four charging stations at once. This option is more cost-effective than other charging solutions and is also well-suited for central charging locations.
