

RP065 Medium Stainless Steel Prussik Pulley with Becket

Data Sheet

ISC Prussik Pulleys have tamper-proof Rivets, in compliance with CE EN12278 (2007) & NFPA (1983). These pulleys are available with Bushings, or Roller Bearings.

Pulleys in the new Prussik range have fully load-rated Beckets, which are large enough to allow a Karabiner to rotate fully.

Bushings
Ideal for high loads
at low speed

Roller Bearings
Ideal for low loads
at high speed

Weight	620g (22oz)
