

# Discover the all-new **PCW4000**

**WITH**  
Quick release  
automatic anti  
roll-back device

Powered by the Honda GX50 4-stroke  
multi-position engine

**Portable Winch Co. hits once again  
with the all-new portable capstan  
winch PCW4000 with quick release  
automatic anti roll-back device!**

*This brand new model is powered by the Honda multi-position GX50 4-stroke engine. It also has a centrifugal clutch that activates when you pull the rope. When the rope is released, the drum stops spinning and the quick release automatic anti roll-back device does its job and holds the load in position! You can also disengage the rope in one simple movement!*

*A light, powerful, safe and very simple winch to operate. Perfect for all types of work, whether to pull logs, directional felling, pull a big game, get a vehicle out of trouble, pull a boat, a dock or for any other projects, this new winch will be the ideal tool!*

POWERED by  
**HONDA**™
