

HOW TO FIND YOUR UK RING SIZE

BEFORE YOU START:

- ⚡ Make sure your printer is set to print at 100% scale or that scaling is set to 'none'. This will keep all the important bits below the right size for you
- ⚡ Print on standard A4 paper (210 x 297mm)
- ⚡ After printing, check the size of the cut out ring sizer below - it should measure 160mm in length

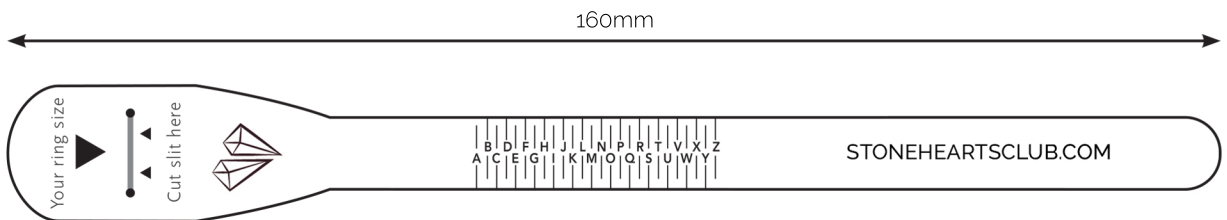

OPTION 1: MEASURE AN EXISTING RING

- ⚡ Got a specific finger in mind? Select a ring that fits that finger
- ⚡ Place that ring over the circles below until you find the one that most closely fits the inside of the ring

OPTION 2: USE OUR CUT OUT RING SIZER

- ⚡ Once printed, carefully cut out the below ring sizer
- ⚡ Place the end of the ring sizer through the slit you have created as part of the cutting process
- ⚡ Wrap the loop over the desired finger and pull to close for a comfortable fit. Ensure you can move the ring sizer over your knuckle. The letter closest to the slit, indicated by the arrow, is your size

OPTION 3: BUY OUR REUSABLE PLASTIC RING SIZER WITH FREE UK DELIVERY
