

SCHOOL HOLIDAY INTERACTIVE ACTIVITIES

We are based on the Central Coast, and we can provide 3 different school holiday activities through our interactive Putting Zone. The Putting Zone was featured at Home Co Tuggerah October 2022. Our activities can be supplied individually or as one total package.

What makes us so different? Our 3 unique golf related activities can cater to children from the **age of 3 and up**. 2 of our activities include scoring with scorecards and use leader boards. We can link the activity via prizes and gift vouchers. By linking your brand to a feel-good experience this encourages return visits. Each day a winner and runner up are awarded. This also makes great content for social media.
