Green: Ground to the top of the chairs side handle - _____

Yellow: Stomach to the front of the knee - _____

Blue: Ground to the top of the knee - _____

Notes: Please include any information that you think may be relevant. Attached a separate page if necessary. _____

Fitting: We need to determine the type of putter to suit each person/child. This depends largely on the size of the chair, their physical strength and any movement limitations of the person. It's been our experience that either using the putter from the side of the chair, from between their legs or from above the knees has the greatest success. This also depends on arm/shoulder movement and strength. We also use a Putter Sleeve to help increase grip strength.
