- UL Listed, Type 1 high security electronic lock
- LCD screen for easy programming
- Multiple registered users
- Programmable time delay and time window
- Penalty lockout
- Single or dual control modes
- Standard footprint for easy retrofit
- 24/7/365 live technical support when needed

## SmartLogic FK1 Electronic Locking System Provides Easy Controlled Access and High Security

In store operations, you need a secure environment for your cash and inventory. This electronic lock provides the capabilities you need to protect your assets with features tailored to the needs of retail operations. The lock is programmable with up to 30 user codes including a super code and 2 manager codes, limiting access to those who need it. In addition, setting a time delay can be a strong theft and armed robbery deterrent. All these features, coupled with outstanding customer service and live technical support when you need it, provide the capabilities and confidence you require.
