

Using 3-IN-1 intrusion sensors, this sabotage-resistant cellular based alarm system sends real time alerts over SMS text and app notifications.

# StealthALERT

## SABOTAGE-RESISTANT SECURITY SENSOR

- 3-in-1 Motion Sensor**
- Light Sensor**
- Accelerometer**
- Temperature & Humidity**
- 4G LTE (No WIFI)**

**Safes. Cabinets. RV's. Storage Units. Jewelry Cabinets. Monitor any space, get text alerts when accessed. Always be in the know. Always be alert.**

**MONITOR SPACES WITHOUT WIFI OR POWER**

**PEACE OF MIND EVERYTHING IS SAFE**

**ALERTS (SMS/PUSH) YOUR PHONE WHEN BREACHED**

Real-time alerts are sent over a roaming cellular connection, working automatically anywhere in the world. Engineered to work in low connectivity environments like a safe, basement, storage unit and more. With a full year of rechargeable battery life, it requires no power outlet.

Real time alerts anytime your important space is accessed. A text SMS and app alert notification is sent every time an intrusion is detected by motion or light allowing anyone subscribed to receive alerts to have peace of mind. with unlimited subscribers, your spouse or close friends can receive the same alerts you receive, anytime the space is accessed

The flexibility of a global roaming cellular connection means you never have to worry about wifi and passcodes. Simply take your sensor anywhere in the world and it will automatically find and connect to thousands of the top cellular networks, like AT&T and T-Mobile. First month included then 4 dollar USD per month unlimited plan required. Purchase in app after you've tried it!

- REAL-TIME SMS ALERTS**
- LOCATION TRIANGULATION**
- 365 DAYS BATTERY LIFE**
- EASY SETUP**
- MOTION SENSOR, LIGHT SENSOR, ACCELEROMETER**
- 4G LTE CELLULAR**
- VIEW ALERT HISTORY**
- SECURE AND ENCRYPTED**

**HOME SAFE**

**RV OR TRAILER**

**BOAT**

**STORAGE**

**SUITCASE**

**DRAWER**

## TECHNICAL SPECIFICATION

- Dimensions** 1.48" x 3.66" x 3.26"
- Weight** 3.40z/ 96g
- Material** Rugged ABS plastic
- Battery life** Up to 1 year (10 alerts monthly)
- Sensors** Light, Passive Infrared Motion (PIR), Accelerometer
- Sensitivity** 20' x 20' infrared motion range (std. room in house), any visible light, acceleration
- Connectivity** 4G Network (LTE/GSM/UMTS)
- Cellular Range** Worldwide
- Battery Type** Rechargeable Lithium Ion Battery: RCR123a 650mAh

## WHAT'S INCLUDED

- Wired Antenna with Magnetic Base**
- Battery**
- Charging Cable**
- Setup Guide**
- Two Mounting Sticky Tapes**
