

ROXOR
Protecting Health

PRESENTATION

MEXGRAPHIC is a Mexican company with more than 50 years of presence in the market, dedicating to the sale and technical support of machinery in the graphic arts industry.

We are exclusive representatives in Mexico of several brands with a global presence, however, the atypical situation that is being experienced throughout the world, forces us to reinvent ourselves to continue to survive in this changing environment that has caused the pandemic.

This is how **MEXGRAPHIC**, taking advantage of its structure and commercial alliances, has developed its **ROXOR** Face Mask Division; acquiring machinery with high end characteristics detailed in this document.

We have several production lines that together have the capacity to produce 4 million face masks weekly and expanding.

The production is carried out under strict quality control using only high-end raw materials, in order to supply the adult and children's market.

Alloud us get involved in your projects to provide our products in a timely manner.
