

AM-368PB

Power Assisted Back Rest

*Optional Hand
Switch Shown*

800 LB CAPACITY!
Equipped with 2 powerful motors.

MADE IN THE
USA

ISO13485
FM50089

Benefits:

- Heavy duty hi-lo motor lifts patients weighing up to 800 lbs.
- Motorized back rest allows the patient to be raised to a sitting position or lowered to flat position effortlessly with their full weight on the table.
- Adjustability allows therapists to perform all treatments with greater ease and comfort.

Other important information:

- 34 oz. Heavy-duty vinyl with Permablok 3[®] bacterial protection
- 1-3/4" Firm density foam top
- Radiused, seamless corners on upholstered components
- Top sections have welded steel support frames
- Pivoting joints have hardened steel shoulder bolts with locking nuts to ensure years of trouble-free operation
- Standard footswitch control
110 Volts, 60Hz motor
(220 volts, 50Hz available on special order)
- Or optional hand switch shown above
