The unique design of the AM-SP Series brings the future to you today! Using a combination of a single pedestal approach and specially engineered frame work, the AM-SP Series offers solid stability with loads of leg room and maneuverability for the clinician along with luxurious comfort for the patient. The single pedestal is equipped with our one-step Caster system and footswitch at no additional cost. Because of its unique design, the AM-SP Series elevates with no end shift, so it can be used in a smaller area, saving precious space in your office or treatment room.
