

Bullet Pendant

This powder-coated pendant comes with a cool-to-us story. Originally designed for the Noelle Hotel, we loved it so much we wanted to give it a place in your space. Using the same process, we created a wooden mold, wrapped metal around it to create the shape, did a few other things, and voila: alluring indoor illumination.

Dimensions <small>(not incl. cord/canopy)</small>		8.25" W x 21" H	
Lamping	E26 6W	10W max.	600 Lumens
