CONTENTS

All playing cards are die-cut in the shape of a parchment treasure map!

52 Pirate Loot Cards
8 Pirate Treasure Cards

OBJECT OF THE GAME

To collect all of the loot on your Pirate Treasure Card.

TREASURE CARDS

Separate the eight Pirate Treasure Cards from the rest of the deck and shuffle them. Arrange all eight Pirate Treasure Cards face down on the table. Each player selects one Pirate Treasure Card and looks at the loot shown on the card. These are the Pirate Loot Cards you must collect to win. Do not show your Pirate Treasure Card to any other player. The unused Pirate Treasure Cards are set aside and not used in the game.

HOW TO PLAY

Shuffle the Pirate Loot cards and deal out five cards to each player. The rest of the Loot Cards are placed face down in the center of the table (forming the replenish deck). The top card is turned over to show its face (forming the discard pile).

The player to the left of the dealer goes first. They can either take the face-up Loot Card in the discard pile, or take the top Loot Card from the replenish deck. They end their turn by discarding one card face up in the discard pile. Each player must do their best to quickly collect all the Pirate Loot Cards that match the loot on their Pirate Treasure Card. Play continues around the table in a clockwise motion. When the replenish deck runs out, take all the cards (except the top one) from the discard pile and shuffle them. Place them face down on the table to form the new replenish deck.

WHO WINS?

The first player to collect all the loot on their Pirate Treasure Card, wins!
