## We Also Offer...

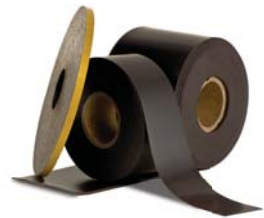

### Custom Fabrication

We pride ourselves on our ability to identify organizational opportunities in your office environment and create effective solutions. Our factory has a full-scale machine shop where all of our products are manufactured in-house, so whatever your magnetic and organizational needs may be, our expert team of engineers and designers can create exactly what you're looking for. We'll even build our own auxiliary equipment and adapt our tools to accommodate the design and fabrication of your product. From project conception to final construction, our engineers and designers will be with you every step of the way for your custom magnetic needs!

### Matrix Magnets (Rare Earth Neodymium Magnets)

Our Matrix Magnets may look small but don't be fooled, they are made from rare earth elements Neodymium-Iron-Boron (NdFeB) which make them incredibly strong for their size and appropriate for almost any application. Our standard Matrix Magnets are triple plated with Nickel-Copper-Nickel electroplating but they can be customized with black nickel plating, gold plating or colored epoxy, all of which helps to improve the brittle nature of the finished product. Add a high strength adhesive to your Matrix Magnets and double their functionality! We have a wide selection of Matrix Magnets available in stock, so call us and request a quote for your next project!

### Flexible Magnet Material

Our Flexible Magnet Material is made of rubberized thermoplastic material that has a UV resistant coating that allows for maximum flexibility without affecting the integrity of the magnet itself. We have a variety of sheets and strips available with thicknesses ranging from 1/32" to 1/4", standard and high energy strengths, and various pole orientations (North/South and Multi/Through). And for additional functionality, we can add a high strength acrylic-based adhesive, VHB adhesive or a white PVC coating to create a write-on / write-off surface!

**Just because  
you can...**

**DOESN'T MEAN  
YOU SHOULD.**

Our Magnetic Hangers will hold:

- The frying pan you  
"lent" the office 3 years ago
- Your cubical neighbor's  
yappy lap dog  
and
- That ream of paper  
you definitely didn't swipe  
from the supply closet

... but we don't recommend it
