FALL ONLINE CLASSES WITH FRIENDS

MAKING LANGUAGE AND CULTURE FUN FOR CHILDREN

FALL ONLINE CURRICULUM GROUP CLASSES

Meet our teachers; they know the best online learning techniques.

We have virtual classrooms through **zoo**

We want to help your children and their friends to continue learning while we are going through this time of change.

It is very important that your children keep a routine throughout the day and feel that this change can actually be beneficial for them.

Let us help you with our convenient rates for Fall Classes.

WHAT ARE PARENTS SAYING ABOUT OUR CLASSES?

"My daughter enjoyed her first online class. Beyond it being good for her Spanish focus, being able to have fun and interaction with her teacher, Claudia, had a positive impact overall"

Mark Nellen

"I had some initial reservations about "remote" tutoring with my son, as it is often important to connect with him one-on-one in teaching situations. Due to some sniffles and sneezes he had, I recommended that we not have a one on one appointment and instead try out a remote session. It ended up working better than I ever thought. Claudia was very prepared with content that made Wolfe think, write laugh and speak in Spanish. He was fully captivated for the whole 60 minutes. We will be continuing our weekly tutoring remotely and know it will be a great help to our son during this uncertain time"

Gavin Roberts
