SEEKERS OF THE LIGHT *(Lloyd Larson & Mark Hayes)*

The world was lost in darkness. Roman oppression weighed heavily and God's people were awaiting a Messiah. There were astrologers... literally following the light of the heavens and prophecies of the coming Messiah. But there were other "seekers of the Light": Mary and Joseph, simple shepherds in a field, and the prophets. Then, it happened. The Light of the World was born. Follow the respective journeys of these "seekers of the light" to learn what we can from their sojourns. (30 minutes).

BEST-SELLING & TIMELESS STANDARDS FOR ORGAN

SEVENTY-NINE CHORALES FOR THE ORGAN, OPUS 28

By Marcel Dupré

Marcel Dupré prepared these short works, not as "another version" of the famous chorales and chorale preludes of J. S. Bach, but rather as a means of making the beginning organist aware of the beautiful chorale melodies and to prepare him or her for the study of Bach's works. Included are registration suggestions, fingering, pedaling notation, and dynamics. This is an important book for the development of the organist's technical and artistic skills, and for the presentation of beautiful chorales.
