

# ENERGY FORCE™

## Boost Energy and Reduce Recovery Time

Energy Force™ is a powerful combination of natural ingredients including **Cellankton® Marine Phytoplankton** that help boost and sustain energy levels while supporting a healthy cardiovascular function. Taken before strenuous exercise it helps speed workout recovery time by maintaining a healthy inflammatory response and maintaining healthy joint function – no more lingering days of sore muscles.

**Laminaria Digitata**, also known as Kelp is a source of antioxidants, vitamins, nutrients and helps reduce inflammation in joints and bones.

**PrimaVie®** research has shown that it increases strength and endurance. Its anabolic activity helps in the quick recovery of muscle, bone, nerve and other affected tissues from exercise.

**Safed Musli** is a powerful medicinal herb grown in India whose roots are used to boost energy, reduce fatigue, resist tension and stress while strengthening the general immune system of the body.

## The Science of Sensoril®

**Sensoril®** has been specifically shown to help improve the body's response to stress and energy levels by restoring vitality and energy. Clinical studies performed showed significant improvements in increased energy and reduced fatigue.

Sensoril® is protected under US Patent 6,713.092 and is a trademark of Natreon, Inc.

# The CELLANKTON® DIFFERENCE

## Clinical Results and Scientifically Proven

Clinical trails for Cellankton® were performed at the University of Manitoba and the Energy Medicine Research Institute. These studies indicated Cellankton® is a powerful super food that helps to maintain good health.

Cellalife products contain **Cellankton® Marine Phytoplankton**, a highly potent **multi-species** golden brown concentrate of pure wild phytoplankton. This multi-species phytoplankton is produced using outdoor ocean water tanks where it is naturally nourished by the sun and harvested using a patent pending process. Cellankton® is a powerful natural source of daily vitamins and minerals for the maintenance of good health.

Cellankton® Marine Phytoplankton is a Patent Pending Ingredient
